We will be doing our yearly registration online thru our Parent Portal starting on August 1st. If you do not have a Parent Portal, I will be mailing/emailing out instructions and your student's information that you will need to create one. If at any time you have any questions, please don't hesitate to call me in the office. If I don't answer, leave a message and I will get back to you.

This online registration is not for new enrollments. If you are wanting to enroll in our school, please contact me in the office. If your student is Pre-Enrolled, coming from Plaza, Capay, Lake, or have spoken to me, you will be able to register online when you create your parent portal. The registration will open the week of August 1st.

It is important that all parents have a portal account. It is very helpful and there are many things you can do on it, including receiving progress reports and report cards thru this system. Your student should have their Student Portal. Although they are the same, each one allows different functions. Portals are easy to create, all you need is an email address. We are here to help in the office, don't hesitate to call.
