School Accountability Report Card

Reported Using Data from the 2016-17 School Year

Published During 2017-18

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2017-18)

Hamilton High School, with a 2017-2018 current enrollment of 281 students, is located in Hamilton City, along Highway 32 approximately 10 miles from both Chico and Orland. Our school is a 23-acre campus with five main buildings, including a gymnasium, cafeteria, a 15,000 book capacity modern library, and an agricultural farm and facility with maturing olive and mandarin trees. This school year we celebrate 100 years of providing an exceptional educational experience for the greater Hamilton City community.

As a comprehensive 9-12 high school, we offer a challenging curriculum for our students and enjoy a strong academic record and reputation. Students at Hamilton High School can choose Advanced Placement courses, Career Tech education courses, fine arts and Spanish language courses, Agricultural-based courses in addition to our rigorous core curriculum offerings in Math, English, Science, and the Social Sciences. In Spring 2015, Hamilton High School was awarded a six year accreditation by the Western Association of Schools and Colleges (WASC)- the highest level that can be achieved by a secondary school.

We are fortunate to offer a varied amount of co-curricular and extra-curricular activities at Hamilton High. Many of our students participate in our Future Farmers of America (FFA) program, which is recognized as one of the finest in the North state area. Additionally, we annually have a theatrical play, a band program, and offer the following sports- volleyball, football, cross country, cheer, basketball, soccer, track & field, baseball, softball, and wrestling. We are pleased to state that our sports teams and student-athletes are recognized as competitive with sportmanship and quality behavior and play as the main themes for our teams and players.

School and student safety are paramount for our students and staff at Hamilton High and a priority of the site administrator. The site administrator, with assistance from the two Dean of Students, consistently supervises campus throughout the day and, along with the athletic director, each can be found at most extracurricular events. Periodic drills and training for fire, lockdown, and other emergency situations are conducted to enhance the preparedness and safety of our staff and students.

The Hamilton High School campus is attractive and welcoming with an abundance of trees, shrubs, and grassy areas and a courtyard quad that often serves as a main focal point for student interaction.

The mission of the faculty, staff, and administration of Hamilton High School is to provide a comprehensive educational program for all students so that all may have the skills and the opportunity to realize their full potential and, after graduation, become productive and contributing members of society. Each student, regardless of abilities, socio-economic, or cultural background should develop a sense of self-worth, accountability, responsibility, a desire for life-long learning, and a genuine concern for the welfare and cultural diversity of others.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)

Year and month in which data were collected: November 2017

With the transition to Common Core State Standards, Hamilton High School will be reviewing and recommending to the HUSD school board California state CDE approved textbooks in the core subject areas. Math adoption occurred in 2014-2015, with state CDE approved textbooks. English Language Arts text book adoptions will occur in the 2016-17 school year. Science and Social Science textbook adoptions have not been scheduled yet by the CDE, but will likely occur within the next three school years.

School Facility Conditions and Planned Improvements (Most Recent Year)

Hamilton High School, with a current year enrollment of 276 students, is located in Hamilton City on a 23- acre campus. The school library has a 30-station computer lab, two conference rooms, faculty work/copy room, a 30-station computer work area, and a reference area with a capacity of 15,000 books. In Spring 2014, an additional portable classroom was added to our site to provide needed classroom space. Additionally, an upgraded server and technologically updated system were purchased and put into service in 2013-2014. In Spring 2015, the district backup devices were increased from 3TB to 6TB to assist in capacity. Internet and Network speed improvements completed in December 2016 increased network speed to 1,000MB. Our Internet/Network now has 10x faster internet access as well as improved school to school access.

In the Summer of 2016, HUSD repaired and updated the roofs of Gym, the cafeteria, the library building, and the industrial technology building. In the summer of 2017, the gymnasium will receive a facelift paint job. Previously, in September 2005, a \$2.2 million modernization program was completed on Buildings 100, 200, and 300. The gym has newer locker rooms and public restrooms as well as new bleachers and a refinished floor (the gym floor is refinished each summer). In Buildings 100 and 200, the office was expanded and all classrooms were modernized. Over \$150,000 in new furniture and equipment was purchased. Finally, new state-of-the art fire and communications systems were installed. The Home Economics and Science rooms were last modernized in the summer of 2008.

School and student safety are very important and a priority at Hamilton High School. The site administrator and Deans of Students actively supervise the campus throughout the school day and are present at all extracurricular activities. Emergency drills are conducted regularly with the following drills held during the year: fire drills and lockdown drill.

Our campus is recognized as one of the most attractive in the area with an abundance of trees, shrubs, and flowers among the courtyards, playing fields, and grassy areas. A 1000-seat football stadium was finished in 2004, funded by a joint venture with the Friends of Athletics. In March 2005, the softball complex was completed. Other outdoor areas include two soccer fields, two baseball fields, an agriculture farm with both olive and mandarin trees, two tennis courts, and two basketball courts.

Two maintenance/custodial workers and one grounds person keep the school clean and well maintained. Custodians are on duty from 7 A.M. until 8:00 P.M. on most school days. Restrooms are cleaned daily and kept in good working order.

The District participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. For the 2014-2015 school year, the District budgeted \$54, 000 for the Deferred Maintenance Program.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

**CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students
Grades Three through Eight and Grade Eleven**

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2015-16	2016-17	2015-16	2016-17	2015-16	2016-17

Mathematics (grades 3-8 and 11)	20	24	14	18	36	37

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

**CAASPP Test Results in ELA by Student Group

Students with Disabilities	--	--	--	--
Students Receiving Migrant Education Services	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

Career Technical Education Programs (School Year 2016-17)

Each year at Hamilton High School, students complete a battery of assessments aimed at assisting the student in choosing possible career paths. Students research a number of careers and the education required for those careers in Career Life Planning (CLP), a required course for all students a Hamilton High School. Approximately 74% of our students are enrolled in Career Technical Education (CTE) classes and these programs provide students with valuable job skills. Similarly, many of the skills taught in CLP are utilized throughout the student’s academic career at HHS. Hamilton High has always required 10 credits of CTE as a graduation requirement for each student. Each of our special populations receives needed support in all courses, not just CTE.

Because we are a small school and district, our staff works closely to ensure student success. Valuable discussion occurs regularly to assist all student populations and class completion and course effectiveness is measurable. PowerPoint presentations, oral reports, and research skills are examples of some of the skills students are measured upon, in addition to gauging the effectiveness of the our programs. An end-of-course exam is also required and students must achieve a 70% or above to receive college credit. CTE instructors also administer quarterly benchmark assessments.

Most of these courses are articulated with Butte College in 2+2 agreements where students can earn college credit for high school courses. Faculty and staff from HHS also meet with Butte College instructors to ensure course curriculum and standards are aligned. Hamilton High participates in the Youth Employment Skills program where students learn job skills and then are placed in paid work experience positions. Additionally, new state funding will allow for increased dual enrollment as well as potentially courses for Butte College offered on site by HHS staff members.

Career preparation courses and programs include the following: Life Skills, Environmental Horticulture, and World Foods and Fiber. Courses conducted by Career Tech Education (formerly ROP) include: Forensics, Environmental Horticulture, Ag Careers, Ag Mechanics, Floral Design, Careers with Children, Digital Photography, and Web Design.

Career Technical Education Participation (School Year 2016-17)

Measure	CTE Program Participation
Number of pupils participating in CTE	215
% of pupils completing a CTE program and earning a high school diploma	97.7%
% of CTE courses sequenced or articulated between the school and institutions of postsecondary education	82%

Courses for University of California (UC) and/or California State University (CSU) Admission

UC/CSU Course Measure	Percent
2016–17 Pupils Enrolled in Courses Required for UC/CSU Admission	99.64
2015–16 Graduates Who Completed All Courses Required for UC/CSU Admission	40.28

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-18)

Hamilton High staff believes that parent involvement is critical to our student's success. Our school offers Back-to-School Night in the fall and Open House in the spring for parents to see what new, exciting, and challenging curriculum students have completed. Parent/Teacher conferences are held once each semester, in September and February each year, one of the few high schools to offer these conferences.

Parents are welcome to visit our campus, take school tours, or visit with the Principal. A visitor's pass and a class schedule can be obtained in the school office.

Parents participate in a wide variety of programs including Hamilton High Athletics, Boosters, FFA, and School Site Council, just to name a few. Parents are always welcome at our school and may contact Principal Cris Oseguera at (530) 826-3261 ext. 1008 or coseguera@hudschools.org for more information about getting involved in the school's programs.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates.

School Safety Plan (School Year 2017-18)

Hamilton High School continues to provide a safe and secure campus for students, employees, and visitors. All take pride in ensuring Hamilton High School remains a positive educational environment for all students. Our crime rate remains well below that of other schools in the area and significantly below high schools throughout the State. The District’s School Safety Plan details Hamilton High School’s policies regarding transportation, student discipline, emergencies and disaster preparedness, dress codes, and child abuse reporting. This plan is available in the office for public inspection.

The HUSD and HHS School Safety Plan of Emergency Operations was adopted by the HUSD School Board on April 14, 2014. HHS Faculty participated in the development of the plan and items are regularly reviewed in HHS Faculty meetings. The HHS School Site Council reviewed and updated the HHS School Safety Plan in Fall 2017, with pending approval by the HUSD School Board by March 2018.

The site administrator regularly provides timely and necessary in-service training for the purpose of prevention, compliance, and, importantly, awareness of issues that may affect our students, staff, and school culture.

Our District, in the past, has employed a part-time school resource officer who worked closely with local law enforcement, although budget concerns have caused the SRO program to be temporarily discontinued. Hamilton High School continues to work closely with local law enforcement and the local fire department and we are fortunate that both agencies are attentive to our needs. Our school safety coordinator keeps us well informed of new safety policies and procedures. Our school staff is provided with regular safety training on a variety of topics germane to Hamilton High School.

Types of Services Funded (Fiscal Year 2016-17)

The following programs and services represent the sources from which funding is secured to assist students at Hamilton High School-these monetary sources are generally either state or federal programs: Title II (Teacher Quality); Title III (LEP); Career Tech Education (CTE); Carl Perkins Vocational Education; Economic Impact Aid (EIA); Agricultural Incentive Grant; College Readiness Block Grant (CRBG).

Funding from these sources allows Hamilton High School to offer support classes, assist new immigrant students, assist our migrant students and families, allow for us to have an increased number of agricultural class offerings, and offer nearly a dozen CTE courses. Also, we are able to offer college campus tours and college and financial aid workshops to our students.

Professional Development (Most Recent Three Years)

Hamilton High School provides four full days and 13 minimum days of professional development, in addition to Professional Learning Community time each Monday. Focus areas for staff development for 2014-15 are WASC Accreditation, Safety, Aeries Analytics, Common Core State Standards- specifically Integrated Math implementation, and Structured English immersion. These areas of professional development were selected based on the needs of our students, particularly the structured English immersion trainings which are aimed at improving access to our educational programs for all students. EDI (Explicit Direct Instruction)- now the Common Core Cadre- are ongoing trainings for all teachers in our district for the purpose of ensuring a common educational practice in the HUSD classrooms kindergarten through 12th grade. The high school has teacher-coaches to assist in this process through individual meetings and trainings, but also with in-class observation and coaching.

The Math Department teachers have been involved in ongoing training aimed at the implementation of Common Core Math Standards and the varied delivery of curriculum involved in CCSS Math Standards. Implementation is now in its third year and has driven weekly collaborative PLC meetings among the Math teachers.

Additionally, for 2017-18, our master schedule was changed to a true block, with four periods each day. Each student now has the opportunity to take eight courses.

Continued training is provided for the implementation of data analysis and data analysis programs with the intent of improving the teachers use of data to inform and improve instruction to help our students achieve academically. Weekly Monday collaboration time is utilized for the structured department collaboration time, work on pacing guides and essential standards and information on CAASPP, CAHSEE and other mandated testing. It is also utilized as a PLC time during which our teachers fully collaborate, discuss, and seek out solutions to better assist instruction, curriculum, and student achievement.
