

School District Integrated Pest Management Plan

When completed, this template meets the Healthy Schools Act requirement for an integrated pest management (IPM) plan.
An IPM plan is required if a school district uses pesticides¹

IPM statement

It is the goal of Hamilton Unified School District to implement IPM by focusing on long-term prevention or suppression of pests through accurate pest identification, by frequent monitoring for pest presence, by applying appropriate action levels, and by making the habitat less conducive to pests using sanitation and mechanical and physical controls. Pesticides that are effective will be used in a manner that minimizes risks to people, property, and the environment, and only after other options have been shown ineffective.

Our pest management objectives are to: *(Example: Focus on long-term pest prevention)*

We are committed to maintaining a safe and clean environment for our students, staff and community.

IPM team

In addition to the IPM Coordinator, other individuals who are involved in purchasing, making IPM decisions, applying pesticides, and complying with the Healthy Schools Act requirements, include:

Name and/or Title	Role in IPM program
Alan Joksch, Director	Coordinator
Dave Elkin	+ Assistant Coordinator

Pest management contracting

- Pest management services are contracted to a licensed pest control business.
Pest Control Business name(s): Larry's Pest Control
- Prior to entering into a contract, the school district has confirmed that the pest control business understands the training requirement and other requirements of the Healthy Schools Act.

Pest identification, monitoring and inspection

Pest Identification is done by: Larry's Pest Control and Maintenance and custodial staff

(Example: College/University staff, Pest Control Business, etc.)

Monitoring and inspecting for pests and conditions that lead to pest problems are done regularly by

Maintenance and custodial staff + and results are communicated to the IPM Coordinator.

(Example: District staff title, e.g. Maintenance staff)

Specific information about monitoring and inspecting for pests, such as locations, times, or techniques include:

(Example: Sticky monitoring boards are placed in the kitchen and are checked weekly by custodial staff.)

Detailed inspections occur on an annual basis for food service areas and exteriors.

Pests and non-chemical management practices

This school district has identified the following pests and routinely uses the following non-chemical practices to prevent pests from reaching the action level:

Pest	Remove food	Fix leaks	Seal cracks	Install barriers	Physical removal	Traps	Manage irrigation	Other
Ants	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	Insecticide application as needed +
Roaches	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	Insecticide application as needed +
Wasps	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Insecticide application as needed +
Rodents	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
Weeds	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	Herbicide application as needed +
	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	

Chemical pest management practices

If non-chemical methods are ineffective, the school district will consider pesticides only after careful monitoring indicates that they are needed according to pre-established action levels and will use pesticides that pose the least possible hazard and are effective in a manner that minimizes risks to people, property and the environment.

This school district expects the following pesticides (pesticide products and active ingredients) to be applied during the year. (This list includes pesticides that will be applied by school district staff or licensed pest control businesses.):

Bifin I/7- Control Solutions Inc. (Bifenthrin 7.9% By Wt.) EPA Reg. No. 53983-118
 Tempo Ultra WP- Bayer Co. (Cyfluthrin, Cyano, Methyl 3 / 10%)
 Spectracide Wasp and Hornet (Prallethrin 7.9% Lambda Cyhalothrin 0.010%)
 Round Up Pro (Glyphosate, N-(Phosphon-O-methyl)Glycine Isopropylamine salt 41%)
 Gopher trap or a live animal trap as needed.

Healthy Schools Act

- This school district complies with the notification, posting, recordkeeping, and all other requirements of the Healthy Schools Act. (Education Code Sections 17608 - 17613, 48980.3; Food & Agricultural Code Sections 13180 - 13188)

Training

Every year school district employees who make pesticide applications receive the following training prior to pesticide use:

- Pesticide specific safety training (Title 3 California Code of Regulations 6724)
 School IPM training course approved by the Department of Pesticide Regulation (Education Code Section 16714; Food & Agricultural Code Section 13186.5).

Submittal of pesticide use reports

- Reports of all pesticides applied by school district staff during the calendar year, except pesticides exempt¹ from HSA recordkeeping, are submitted to the Department of Pesticide Regulation at least annually, by January 30 of the following year, using the form provided at www.cdpr.ca.gov/schoolipm. (Education Code Section 16711)

Notification

This school district has made this IPM plan publicly available by the following methods (check at least one):

- This IPM plan can be found online at the following web address: www.husdschools.org
 This IPM plan is sent out to all parents, guardians and staff annually.

Review

- This IPM plan will be reviewed (and revised, if needed) at least annually to ensure that the information provided is still true and correct.

Date of next review: June 2022

I acknowledge that I have reviewed this school district's IPM Plan and it is true and correct.

Signature:  Date: 6-10-2021

¹ These pesticides are exempt from all Healthy Schools Act requirements, except the training requirement: 1) products used in self-contained baits or traps, 2) gels or pastes used as crack and crevice treatments, 3) antimicrobials, and 4) pesticides exempt from U.S. EPA registration. (Education Code Section 17610.5)

HUSD Annual Notification Form

Notification of Pesticides Pursuant to the requirements of Assembly Bill 2260, The Healthy Schools Act of 2000

We are providing this information regarding the Hamilton Unified School District's Pest Control Management Plan for the school year 2021-2022.

The District has established an annual Pest Control Services Contract with a licensed pest control company. This service consists of regular inspections for typical insects and pests at our school campuses. If during the inspection, any activity is discovered, treatment may be applied to control the insects. We are committed to keeping such applications to a minimum, using only products appropriate for use on School Campuses in all cases.

The District regularly inspects the exterior of all school buildings as well as the kitchens and food service areas. These inspections are for rodents, ants, flies and other pests. If Pesticide treatment is required, the products that may be used and are approved for use at our site are listed below. (This includes treatment for weed abatement and animal control as needed).

Routine Pest Management

Bifin I/T- Control Solutions Inc. (Bifenthrin 7.9% By Wt.) EPA Reg. No. 53883-118

Tempo Ultra WP- Bayer Co. (Cyfluthrin, Cyano, Methyl 3 / 10%)

Spectracide Wasp and Hornet (Prallethrin 7.9% Lambda Cyhalothrin 0.010%)

Round Up Pro (Glyphosate, N-(Phosphon-Omethyl) Glycine Isopropylamine salt 41%)

Gopher trap or a live animal trap as needed.

Pesticides will only be applied on non-student days.

In the event of herbicide treatment, the site will be posted with a written sign at least 24 hours prior to the application.

For information on our school IPM, Please contact:

Alan Joksch MTO Department, at (530) 228-5550

Or, please visit the California Department of Pesticide Regulation website at <http://www.schoolipm.info>

Dear Parent or Guardian,

The Healthy Schools Act of 2000 requires that all schools provide parents or guardians of students with annual written notification of expected pesticide use on school sites. The notification will identify the active ingredient or ingredients in each pesticide product and will include the Internet address (<http://www.cdpr.ca.gov>) for further information on pesticides and their alternatives.

Parents or guardians may request prior notification of individual pesticide applications at the school site. People listed on this registry will be notified at least 72 hours before pesticides are applied. If you would like to be notified every time we apply a pesticide, please complete and return the form below and mail it to:

If you have any questions, please contact

Sincerely,
Alan Joksch, Director
Hamilton Unified School District
Maintenance & Facilities

Request for Individual Pesticide Application Notification

I understand that, upon request, the school district is required to supply information about individual pesticide applications at least 72 hours before application. I would like to be notified before each pesticide application at this school.

I would prefer to be contacted by (check one): U.S. Mail E-mail Phone

Please print neatly:
